Sec. 36-311. - Generally.

The I-1 Industrial District is designed so as to primarily accommodate wholesale and warehouse activities, and industrial operations whose external physical effects are restricted to the area of the district and in no manner affect in a detrimental way any of the surrounding districts. The I-1 district is so structured as to permit, along with any specified uses, the manufacturing, compounding, processing, packaging, assembly and/or treatment of raw, finished or semi-finished products from previously prepared material. It is the intent of this division that the processing of raw material for shipment in bulk form, to be used in an industrial operation at another location, not be permitted.

- (2) Child care facility, as defined in section 36-6, for the care of one or more minor children in other than a private home. A designated outdoor play area shall be required which complies with state licensing rules. The outdoor play area must be located in the rear yard, as defined in section 36-6, and be enclosed by a fence at least 4 feet in height.
- (3) An educational facility which is a trade or vocational.
- (4) The use of a lot for the sale or lease of new or used automobiles, trailers, boats, farm machinery or equipment, recreational vehicles, lawn furniture, playground equipment or garden supplies, which meets all of the following conditions:

- b. Any repair or refinishing which is done on the lot shall be done within the confines of an enclosed structure.
- (5) A motor vehicle repair station.
- (6) A walk-in clinic for district related medical testing and the treatment of minor injuries shall be permitted in the I-1 industrial district. Each point of ingress or egress shall be directly onto a principal or minor street.

Sec. 36-314. - Required conditions.

Any use established in the I-1 district after the effective date of the ordinance codified in this chapter shall be operated so as to comply with the performance standards set forth in article VII of this chapter.

Sec. 36-315. - Area and bulk requirements.
